"The one who wishes to be a true medicine person must be a person of faith, and they can only work successfully with those who also have faith."

--Fools Crow, LAKOTA

Medicine People are spiritual beings who have made a decision to seek the Red Road. They sacrifice and seek the way of the Creator. After many years of dedication, the Grandfathers teach them about power, and about laws, and about how to use the medicine. The Medicine People develop tremendous faith in their medicine and in the Creator. When we go to the Medicine People, we too must have faith so they can help us. We can only be helped if we want to be helped. Because the Medicine People know how to help - that is only one half of it. The other half is up to us. We must have faith that the medicine has powers to help.

My Creator, faith is belief without evidence. Today, give me the faith. Let me trust that You are running my life. Let me know You are in charge of all things. Let my mind not wonder; let me stand strong on Your path today.

MSU

Michigan State University is holding its **Pre-College Leadership Program (PCLP) Retreat** for Native American Youth July 25-30, 2010 at the MSU campus in East Lansing. This camp is open for students in grades 8 through 12. There is no cost for attendance, but students must have their own transportation to and from MSU. (If LRBOI students attend, transportation can be provided by LRBOI Education Department from Manistee to MSU- but you'd have to get to Manistee)

What is PCLP Summer Youth Retreat? It's a week-long residential experience where Native American Youth can explore both traditional culture and college life! Academic workshops, cultural activities, and social events are all facilitated and supervised by MSU **Native** faculty, staff and current undergraduate students! The PCLP Youth Retreat is the perfect place for Native young people to learn about college!

It is designed for students who will be entering 8th to 12th grades in the fall of 2010. Space is limited to the first 30 applicants.

Students will stay in a college residence hall, explore college classes, explore career opportunities, improve understanding of the college admissions process, improve understanding of financial aid, develop relationships with other Native youth from across the state, develop relationships with Native role models from across the state, practice for the ACT, develop leadership skills, enjoy social and cultural activities, and have fun!

If you are interested you can contact Stephanie Chau, PCLP Coordinator at (517) 353-1822 or chaus@msu.edu for more information or applications. You can also stop in at the tribal Education Department to pick up an application.

Elders Survey!

The Tribe is conducting an Elder Survey. Elders interested in participating in this survey are asked to contact the Members Assistance Department. For participating in this survey the Elder will receive a gift of appreciation and a certificate of participation.

Identifying Our Needs: A Survey of Elders

The purpose of this project is to assist tribes, villages, and homesteads in creating a record of the health and social needs of their elders. This survey is a required submission for the Elder Meal Program grant application to help tribes with data needed for their Title VI nutrition and caregiving grants awarded from the Administration on Aging (AoA) and can also help with tribal planning, long-term care discussions, and grant-writing. The survey information also compares the Native American elders to the general U.S. population to determine the extent of existing social and health differences. A survey instrument was constructed using questions from nationally administered questionnaires so comparisons could be made with data from the nation. Data is collected on: general health status, activities of daily living, vision, hearing and dental care, screening, health care access, tobacco and alcohol usage, weight and nutrition, social support/housing, demographics and social functioning. The information is confidential and the survey instrument does not identify your name but will ask for your zip code for demographic data. Time to complete survey is about 30 minutes.

Departments assisting Elders with the Survey: Family Services, Clinic CHR's, Members Assistance Intake Clerks

June 29th there will be staff at the Muskegon Office available to Elders who would like to participate. Staff will also be there July 20th and August 10th.

Last week LRBOI was represented at a series of focus groups on FEMA tribal policies in Emmitsburg, MD.
